#### **GIPS NOTES AND DISCLOSURES**

#### NOTES

COMPOSITE DESCRIPTION. This composite is comprised of all fee paying, 100% fixed income, discretionary Intermediate Municipal Bond accounts consisting of municipal bond securities with a maturity range of 1-10 years and a duration band of 3.5 to 5.5 years having a minimum of \$2 million under management. The primary benchmark is the ICE Bank of America/Merrill Lynch 1-10 Year A-AAA Muni Index. This index is a subset of the ICE Bank of America/Merrill Lynch U.S. Municipal Index, including all securities with a remaining term to final maturity less than 10 years and rated AA-A3, inclusive. The composite creation date is December 2008. The inception date is January 2004. FIRM DEFINITION. Vaughan Nelson Investment Management ("Vaughan Nelson") is an equity, fixed-income and balanced portfolio investment manager. Vaughan Nelson is defined as an independent investment advisory firm and is affiliated with Natixis Investment Managers, LLC. FEES. Intermediate Municipal Bond Fee Schedule: .35% on the first \$25 million, .25% on amounts over \$25 million, \$20,000 minimal annual fee. OTHER NOTES. Results for the full historical period are time weighted. Accounts have been valued daily and portfolio returns have been weighted by using beginning-of-month market values plus daily weighted cash flow. The dispersion calculation is based on a dollar-weighted average of gross portfolio returns within the composite for the entire period. The dispersion percent of N/A indicates that the number of portfolios for the entire year were equal to five or fewer or periods of less than one year. The benchmark source is FactSet. The valuation source prior to 2/16/24 was Intercontinental Exchange (ICE) along with the Matrix Pricing Module. After 2/16/24, the valuation source was changed to Bloomberg. The reason for the change is that Vaughan Nelson believes the pricing methodology used by Bloomberg is a better reflection of actual market prices. Benchmark returns are not covered by the report of independent verifiers.

#### **DISCLOSURES**

BASIS OF PRESENTATION. The attached information and index performance has been developed internally and/or obtained from sources, which Vaughan Nelson beer reliable; however, Vaughan Nelson does not guarantee the accuracy, adequacy or completeness of such information, nor does it guarantee the appropriateness of any strategy referred to for any particular investor. This document is provided for informational purposes only and should not be construed as advice or a recommendation for purchase or sale of securities. Past performance is not indicative of future results. Michael Hanna, Director, Senior Portfolio Manager and Matthew Caire, Portfolio Manager have managed the Intermediate Municipal Bond strategy from June 2021, Michael Hanna has managed the Intermediate Municipal Bond strategy since 2004. COMPOSITE NOTES. The composite for each investment strategy has specific criteria in terms of minimum portfolio size, tax status, and discretion. Portfolios meeting the stated criteria are added to the composite as of the first full quarter of investment in that composite's style. Similarly, accounts are removed from the composite after the last full quarter of management under the composite style. A list of all composites and pooled fund investment strategies offered by the firm, with a complete description of each strategy, is available upon request. The composite results portrayed reflect the reinvestment of dividends, capital gains, and other earnings when appropriate. The three-year annualized standard deviation measures the variability of the composite (using gross-of-fee returns, and the benchmark returns over the preceding 36-month period. CALCULATION METHODOLOGY. The composite performance results are time-weighted total returns net of commissions and transaction costs. Valuations and returns are expressed in U.S. dollars. Vaughan Nelson consistently values all portfolios each month on a trade date basis. Additional information regarding policies for valuing portfolios, calculating performance, and the GIPS R

Model year-end portfolio totals were as follows: 2024 - \$3.0 billion, 2023 - \$2.5 billion, 2022 - \$1.8 billion, 2021 - \$2.0 billion, 2020 - \$1.4 billion, 2019 - \$1.7 billion, 2018 - \$1.3 billion, 2017 - \$1.5 billion, 2016 - \$1.3 billion, 2015 - \$1.2 billion.

<sup>\*</sup>Number includes assets where Vaughan Nelson Investment Management does not have full unconditional trading authority. The assets consist of model portfolio relationships with third-party platforms and totaled \$2.7 billion as of 6/30/25. This information is supplemental to the Intermediate Municipal Bond GIPS Report.
