

CUSTOMIZED DURATION STRATEGY

Vaughan Nelson's Customized Duration is designed to enable financial institutions, corporations and non-profit entities to build a customized fixed income portfolio of governments, agencies and/or investment grade fixed income securities to meet specific liquidity, yield, duration and sector targets as dictated by client guidelines. Each customized portfolio is constructed and actively managed by Vaughan Nelson's highly experienced team of fixed income portfolio managers.

Investment process

Four Tools to Add Value (utilized subject to client guidelines)

1. Security Selection

- Changing credit quality
- Structure
- Inefficient pricing

2. Duration/Yield Curve Positioning

- Inflation expectations
- Monetary policy
- Anticipating yield curve shifts

3. Sector Rotation

- Relative value among sectors
- Historical spread vs. Treasuries
- Economic cycle outlook

4. Opportunistic Trading Efficiencies

- Access to inventory of multiple brokers
- Strong trading relationships
- Electronic trading conducted only for Treasuries
